

August 26, 2009

The Illinois State Perfusion Society is holding its 14th annual meeting at the Marriott Oak Brook Hills Resort in Oak Brook, IL on October 24-25, 2009. We are looking forward to another successful conference by increased attendance and excellent speakers.

Manufacturers have always been dedicated supporters of the cardiac surgery and perfusion community, therefore on behalf of the Illinois State Perfusion Society, I am requesting funding for this year's conference.

During the meeting, manufacturers will have an opportunity to interact with surgeons and perfusionists, as well as having dedicated space available to display products. In addition, the manufacturer will be listed on the ISPS website throughout the year as a supporter. The ISPS Board is requesting a support fee of \$750.00 for manufacturers who would like to participate in having a display. For those who wish to provide financial support without a display, the fee is \$400.00 along with a listing on the ISPS website. As a contributor, your company will be acknowledged at the meeting and listed as a sponsoring associate member of the ISPS. The fee will allow admission for one representative into the meeting; extra representatives will be required to pay the regular registration fees.

Additionally, if your company would like to sponsor any of the meals, please let me know. I may be reached by e-mail: sejalmodi@comcast.net or cell phone: 773-401-5636. The Tax Identification Number for the ISPS is: #36-4056579. Checks may be mailed to the ISPS Treasurer: Sejal Modi 1352 N Western Ave. 3R Chicago, IL. 60625

We appreciate your continued support and look forward to seeing you at the conference. I've attached a tentative agenda for our meeting. Please visit the ISPS website: www.illinoisperfusion.org where updates will be placed.

Thank you for your consideration.

Sejal Modi CCP
Treasurer, Illinois State Perfusion Society
